BROWN INDICTED FOR  
VIESSMANN MURDER

True Bill Returned Against Oden  
Gray Charging Him with  
Forgery.

The grand jury yesterday returned an indictment charging second degree murder against John Brown, alias John Roy, who is alleged to have caused the death of Andrew Viessmann, a restaurant keeper at Third and H streets Northwest, who was stabbed in the breast May 12, 1911, and died May 20, 1911.

Richard Warren, colored, charged with killing Joseph Bead, colored, with a razor, was also indicted on a charge of murder in the second degree.

Oden B. Gray, a former bank clerk, who is alleged to have forged the name of his brother, Frank R. Gray, to a \$50 check, was indicted on the charge of forgery.

Other indictments include: James Benney and Walter Davis, larceny from the United States government; William Landry, robbery; Sterling McDonald, criminal assault; William D. Alken, embezzlement; Lashah Pryor, Eugene Austin, and Fairfax Atherton, housebreaking and larceny.

## FALLS UNDER CAR.

Boy's Bicycle Skids and It Cost Him  
One of His Feet.

A Capital Traction street car on Fourteenth street, between U and V streets Northwest, smashed the right foot of William Gordon, colored, fifteen years old, of 224 Cleveland avenue Northwest, so badly yesterday that the surgeons at Emergency Hospital had to amputate part of it. It is said Gordon's bicycle skidded and threw him under the car. The accident was reported to the police as unavoidable.

## MAY HOLD UP CAUCUS.

"Small Navy" Democrats Plan to  
Prevent Quorum.

Enemies of the battleship plan announced yesterday that they would attempt to prevent the presence of a quorum at the Democratic caucus called for Tuesday to pass a resolution favorable to the incorporation of this year's naval bill of a provision authorizing the construction of one man-of-war. Representative Guder of North Dakota spoke for the "small navy" Democrats. Mr. Guder believes that the crying need of the day is public buildings for his district and the districts of other members who are anxious to be returned to Congress. Representatives of the "big navy" group, however, have taken a leading part in the fight for battleships, declared that they were not in sympathy with the members who were anxious to prevent the presence of a quorum at Tuesday's caucus. Should the "small navy" Democrats succeed in keeping a quorum away from the caucus it would complicate matters. Representative Guder and Leader Underwood are opposed to the plan of the Guder's, and their influence will no doubt result in the presence of a sufficient number of Democrats Tuesday to enable the caucus to do business.

## REPORT BY FULLER.

Council in Peru Tells of State of  
Peonage in Rubber District.

That a labor system amounting to nothing less than peonage prevails in the rubber districts of the Peruvian Amazon, is the substance of a report received at Stewart Fuller, United States Consul at Iquitos, Peru. Mr. Fuller was appointed to this post for the purpose of making an investigation into conditions in the Putumayo districts following the disclosures of atrocious conditions in the Indians practiced by agents of a rubber company operating in this region. The report received from Mr. Fuller is preliminary to a more complete statement of conditions in the Putumayo districts which will follow his trip of investigation through the valley of the Putumayo this month. The document is not to be made public at the State Department, however, as in accordance with the McColl resolution passed by the House of Representatives yesterday it must be sent by Secretary Knox to that body. It is expected that the Fuller report, together with the report of Sir Roger Casement, the British consul general, whose investigations disclosed the nature of the operations of the British rubber concern in the Putumayo district, will go to the House in a few days.

## POLICE JOURNAL.

Association Now Has Newspaper All  
Its Own.

"The Police Patrol," a publication of the Policemen's Association of the District of Columbia, made its first bow to the public yesterday. The first number of the new member of Capital Journalism was bright, new, and neatly printed and arranged, and its publishers, the committee of the association, promise it will be better with each succeeding number. "The Police Patrol" is the official organ of the Policemen's Association, and will be devoted entirely to news of the association and its members, giving the major portion of the minutes of the meetings, the financial statement quarterly, and news of the Police Department in general. The Police Patrol will be found always to be moral in tone, consistent in speech, but at the same time indulging in light frivolities at the expense of the members at which we wish them to take no offense, and at all times advancing the interests of the association.

TO-DAY'S THE DAY  
IN MT. RAINIER

Hot Time Scheduled for Maryland  
Town Between Special Election,  
"Recall" and Other Things.

Mount Rainier, Md., that little town just over the District line which is the scene now of such stirring times, undoubtedly will witness unparalleled activities to-day.

Sheriff A. B. Sutt, of Prince George County, will probably ride over from his home at Suitland, Md., and serve contempt papers upon the Mayor and Councilmen. The rule to show cause which was issued last Tuesday afternoon by Associate Judge Fillmore Beall, of the Circuit Court at Upper Marlboro, specifically states that the papers shall be served on or before to-day.

It was suggested by some that perhaps Judge Beall had instructed the Sheriff not to serve the instruments, in view of the action taken by the council in rescinding their re-registration order. When interviewed last night at his home in Suitland, Md., the judge stated that he had "instructed the Sheriff neither one way or the other."

"I have received no official notice of the action of the Mount Rainier council," he said, "and consequently have let the rule stand. I expect the Mayor and councilmen in compliance with the terms of the rule to appear before the court next Friday to show cause why they should not be adjudged in contempt."

The petition for the recall of Mayor Joseph Theophilus Kirk Plant is still being circulated. The required number of signatures has almost been procured. The matter will not be presented formally before the court at Upper Marlboro for two weeks.

## CROWDS AT COLONIAL BEACH.

Many Expected to Spend Week-end  
at Popular Resort.

It is expected that a large crowd of excursionists will go down the Potomac aboard the steamer St. Johns this afternoon to Colonial Beach for the week end. The boat leaves Seventh Street wharf at 1:30 o'clock. Many will take the trip with the intention of remaining at the popular resort on their vacation, where others will go down over Sunday. The St. Johns leaves Colonial Beach at 6 o'clock to-morrow evening, returning the excursionists to the city about 10:30 o'clock.

The four-and-a-half-hour ride down the historic Potomac is delightful. Bathing, fishing, crabbing, and boating are among the attractions.

## HELP TITANIC FUND.

Third Garden Party Held on the  
Belasco Roof.

The third of the series of "evening garden parties" being given on the Belasco roof for the benefit of the National Titanic Memorial Fund, attracted the largest attendance last night, since the opening party last Wednesday night.

Col. Robert L. Montague gave the principal address of the evening on the lessons to be learned from the terrible sea disaster of April 15, 1912. The speaker urged all to take interest in the raising of the fund to build a suitable memorial to the memory of all who were lost.

Mrs. Evelyn Gurley-Kane, the originator of the memorial fund, gave an excellent reading of Kipling's "On the Road to Mandalay," with an accompaniment by the Fifteenth Cavalry Band. The band, under the direction of its leader, Arthur S. Whitcomb, played a varied programme of classical and popular selections and several interesting Kinemaclor reels were shown.

To-night Representative J. Thomas Hendon, of Alabama, will make an address. The Marine Band, under the direction of Lieut. Santlemann, will play. It was announced last night that Mr. William T. Russell, pastor of St. Patrick's Church, will deliver the address to-morrow night at 5 o'clock.

## ICE TRUST PROBE HALTED.

Grand Jury Receives All Books of  
Washington Office.

The grand jury yesterday temporarily suspended the investigation in the suspected "ice trust" after the examination of two witnesses, and the American Ice Company, through its local manager, Samuel A. Kimberley, submitting to the grand jury all the books and papers of the Washington office, which are requested by the government for inspection by the grand jury.

Richard W. Schuchert, of Philadelphia, president of the Georgetown Ice Company, was also a witness before the grand jury yesterday. At the close of the session the grand jury took a recess until the middle of September.

## Praises Men of Navy.

Acting Secretary of the Navy Winthrop yesterday received a lengthy letter from Col. Robert M. Thompson, in charge of the American athletes at the recent Olympic games in Stockholm, praising the work of the navy men in the shooting and fencing contests. Lieut. Osborn's feat of scoring nineteen consecutive bull's eyes and Ensign Lorimer's skill with the fells were especially commended by Col. Thompson.

All business houses and dwellings in the city of Stavanger, Norway, will be heated by electricity derived from a nearby waterfall if present plans be carried out.

CUTINO MARRIES  
CAPITAL WOMAN

Maryland Wharfinger Wedded Here  
Was Defendant in Breach  
of Promise Suit.

Miss Edith M. Ryan, thirty-four years of age, of 233 R Street Northeast, and Alexander Cutino, harbor master at Baltimore, and wharfinger for the State of Maryland, were quietly married Thursday afternoon at the home of the bride's parents, although almost sixty years of age, had wood and won the young woman, who is still in her twenties, and had promised to marry her. A trip to Europe, the young woman contended, cooled his ardor, and upon his return he refused to carry out his part of the agreement regarding the proposed ceremony.

Mr. Cutino occupied the spotlight of notoriety last November, when he was sued for \$50,000 by Miss Catherine J. Casey for alleged breach of promise. He is fifty-nine years of age. Mrs. Cutino is thirty-four years old. She formerly lived in Portland, Ore. Father Eugene A. Hannan, of St. Martin's Catholic Church, officiated at the ceremony.

The groom left his home in Baltimore Tuesday morning, without mentioning the contemplated wedding. Mr. Cutino's sister said last night she is of the opinion that the preparations for the marriage were made hastily, as she knew nothing whatsoever of them.

The breach of promise suit filed by Miss Casey on November 18 last created a sensation in Italian circles in Baltimore. According to Attorney William Colton, who represented Miss Casey, the suit was brought by her father, who is a man of age, had wood and won the young woman, who is still in her twenties, and had promised to marry her. A trip to Europe, the young woman contended, cooled his ardor, and upon his return he refused to carry out his part of the agreement regarding the proposed ceremony.

## PROTEST AGAINST SALOON.

Two Tenants of Building to Appeal  
to Excise Board.

Because the saloon, which is to occupy a corner of the Riggs Building at Fifteenth and G streets, has installed an entrance from the lobby, two tenants of the new building, Thomas J. De Lashmott and Fred Rhodes, have filed complaint through A. E. Shoemaker, attorney for the Anti-Saloon League.

Mr. Shoemaker will object on the ground that the license was renewed just at the beginning of the building, as he doubts the right of the Excise Board to renew the license before the building which the saloon was to occupy was completed.

## PREVENTS TYPHOID FEVER.

"Prophylactic" Meets Success, Says  
National Guard Officers.

"Typhoid prophylactic," a new preventive of typhoid fever, is meeting with astonishing success, according to officers of the District National Guard. The unpleasant after-effects of vaccination are no longer felt, the new method being entirely painless. Forty thousand enlisted men of the regular army have taken the treatment.

Lieut. Col. L. H. Reichelderfer, Medical Corps, N. G. D. C., is a strong advocate of the new treatment, and a large staff of Medical Corps guardsmen give the treatment every night to those members of the District militia who desire it, at Center Market Armory.

Henley Makes Speed. The Navy Department yesterday was advised that the new torpedo boat destroyer Henley made an average speed of 30.2 knots per hour in her standardization run of five hours off the coast of Maine. The Henley has just been built by the Fore River Shipbuilding Company, of Quincy, Mass. Her speed is considerably less than that made by some of the other destroyers, but is up to the contract requirements.

Julius Beuchert yesterday filed two suits, one in his own behalf, and the other as administrator of the estate of his deceased wife, Mary Beuchert, to recover \$20,000 damages from the Arlington Freighting Company for the death of his wife in a collision with one of the wagons of the company. It is claimed by plaintiff that October 23, 1911, Mrs. Beuchert was driving a buggy along Benning Road, and that one of the wagons of the freighting company was being driven in the same direction, and that as a result of the carelessness of the driver the wagon collided with the buggy, causing Mrs. Beuchert to receive injuries, as a result of which she died.

Bestor Hearing Tuesday. A hearing on the second serious charge preferred against Armand D. Bestor, president of the Southern Timepiece Company, will be held before Justice of the Peace R. E. Cox at Suitland, Md., next Tuesday afternoon. Soon after being acquitted last Tuesday if the serious charge brought indirectly against him by twelve-year-old Lela Chaney, Bestor was rearrested in a collision charge similar to the first one.

SURETY COMPANY  
TO ERECT BUILDING

Bond Concern to Complete Post-  
office Station "F," Original  
Contractor Defaulting.

Contract for completing the new post-office station "F" in U Street, between Fourteenth and Fifteenth streets Northwest, has been sublet to John F. Newman by the Maryland Fidelity and Deposit Company, as surety on the bond of the original contractor, who, it is said, has discontinued work on the structure.

Howard B. Hodge, agent of the bonding company, said last night that arrangements for finishing the station, which is part of the building being constructed as an addition to the Winter Building, had been completed. About 75 per cent of the iron work of the building has been erected, and the first floor joists are in place. The structure is of brick, stone, and steel. Lisenring and Greer are the architects. It will be of two stories, and its cost is to be about \$30,000. The work is to be completed by December 15.

## TO HOLD LADIES' NIGHT.

Florists' Club to Entertain at the  
Chamber of Commerce.

The Florists' Club, of this city, will give a "ladies' night" next Tuesday night at 8 o'clock at the Chamber of Commerce, 1202 F Street Northwest. President Richard Vincent Jr., of the Society of American Florists and Ornamental Horticulturists, will give a lecture on his trip to the International Flower Show in London, England. The lecture will be illustrated.

The committee on arrangements is composed of Otto Baler, E. C. Mayberry, and O. A. C. Oehmler.

## MORE CARS ORDERED.

Will Run Between Peace Monument  
and Park Road.

The District Electric Railway Commission yesterday ordered additional cars on the Fourteenth Street line of the Capital Traction Company between Peace Monument and Park Road.

The order goes into effect August 6 at 7:30 a. m. and provides that south and eastbound cars having a seating capacity of not less than thirty-one adults shall run on a headway of not more than 14-1/2 minutes, leaving Park Road between 7:30 and 8:30 a. m. and on a headway of not more than fifteen minutes, leaving Park Road between 8:30 and 9:30 a. m., and on a headway of not more than 11-1/2 minutes, leaving the Peace Monument between the hours of 4:15 p. m. and 5:15 p. m., and on a headway of not more than 11-1/2 minutes, leaving the Peace Monument between the hours of 5:15 p. m. and 6 p. m., on all days except Sundays and holidays.
